

# Take the hard work out of adoption and member training with your custom Keys to Ownership Training Package.

Adopting new technology and ensuring that your members are getting the most out of the solutions you provide is an ongoing challenge. That's why Lone Wolf offers flexible Keys to Ownership (KTOs) packages that can be tailored to your organization's needs at whatever stage of technology adoption you are in.

For each year of your membership contract, you'll receive 100 KTO credits that can be used on a variety of training options to help you launch and maintain the use of your Lone Wolf technology in your organization. Training options can range from basic level to advanced based upon your current needs.

## Example of KTOs | KTOs redeemed

1 hour webinar using standard content - 10 KTOs

1 hour webinar using custom content - 20 KTOs

Custom training packing design and development - 30 KTOs

Configuration optimization and consulting - 20 KTOs

For a full list of KTO services we provide, to redeem your KTOs, purchase more KTO credits, or to schedule your training, visit [lwolf.com/KTOs](http://lwolf.com/KTOs)

## 24/7 Self service tools

We understand that your members' jobs are 24/7. Which is why we also provide access to numerous on-demand training options to complement your KTO training and adoption package.

### Live training calendar

Available at [lwolf.com/services/training](http://lwolf.com/services/training), your users can access free agent and admin webinars that fit their schedule.

### Lone Wolf Community

A free source for tips and tricks and general help content across our solutions.

### Guided help

Access walk throughs and other helpful content that can be leveraged while executing tasks from right within the app.

To learn more, visit [lwolf.com/KTOs](http://lwolf.com/KTOs).
