

AUTO-FILL FORMS WITH SPEED & ACCURACY

RECORD-CONNECT

With over 30 auto-populating fields, Record-Connect helps your members fill forms in Transactions (zipForm Edition) in no time with the latest information directly from the national public records database.

When their forms can fill themselves, they can get back to what really matters—building loyal relationships with clients!

Elevate your Transactions experience with Record-Connect by:

- Simplifying the transaction documentation process
- Improving accuracy and saving time with one-click data import
- Using the most up-to-date data from the national tax records database
